***Allowable Subject Matter***

Claims 1-14 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art does not anticipate nor render obvious the claimed subject matter of:

A shiftable planetary transmission comprising: a displaceable coupling element;  
a shift fork engageable with said coupling element; and an actuator including a motor  
and a cam driven by said motor via a shaft, wherein the said coupling element is displaceable by said shift fork being moved by said actuator, wherein said shift fork includes an element that engages a groove of the cam; said groove of said cam is V-shaped in cross-section, said V-shaped groove having inclined side walls; and said element of said shift fork is pressed into said the groove by a spring.

No particular single feature of the claim renders the claim as a whole patentable.

Only the claim taken as a whole combination is deemed new and unobvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Prior Art Discussed***

The examiner has considered the references cited by applicant in his Information Disclosure Statements filed 29 March 2006 and 24 January 2008.

The references cited by the examiner are deemed pertinent to applicant's disclosure.

Art Unit: 3655

None of the references show all of the features of the claimed invention, nor do they show that it would have been obvious to one of ordinary skill in this art at the time the invention was made to combine features therefrom to create the claimed invention.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dirk Wright whose telephone number is 571-272-7098. The examiner can normally be reached on Monday through Friday, 8AM-4:30PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Le can be reached on 571-272-7092. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
